Mr. P. Kumaran Ezhuthassan *(Vadakkancheri):* With reference to (a) the collection in the shape of examination fees comes to 32 thousand and odd and 38 thousand and odd and the expenditure is given as 16·829 and 18·360. That is about a half only. And in an answer to another question it is stated it goes to the general revenue. In the light of these the disparity between collection and expenditure will the Government be pleased to consider the question of reducing the examination fee rate?

Rao Sahib I. N. Menon *(Director of Public Instruction):* That is a question for which I cannot give a definite answer, because often there are unlooked for expenditure under this head. Now, for instance this year we have to incur an additional expenditure on account of October examinations and I am certain that the fees collected would not cover all expenses in connection with that examination. It is why I said I cannot give a definite answer.

Mr. P. Kumaran Ezhuthassan *(Vadakkancheri):* For the October Examination also examination fees are collected?

Rao Sahib I. N. Menon *(Director of Public Instruction):* The number of Students for the October examination is small. But the examiners have to be paid the same fees.

Mr. P. Kumaran Ezhuthassan *(Vadakkancheri):* Will it be favourably considered, when we have collected 32 thousand and odd rupees and spent only 16 thousand and odd on different items it is only about a half. Figures show for the 1117 examination fee collected was Rs. 32·969 and the expenditure 16·829. So about a half only.

Rao Sahib I. N. Menon *(Director of Public Instruction):* It is not all the expenditure. Cost of materials and all that have not been included.

Mr. P. Kumaran Ezhuthassan *(Vadakkancheri):* Every item of expenditure in connection with the examinations are mentioned here. I think the cost of materials also have been included in arriving at the total expenditure.

Mr. President: Order, order.

Mr. P. Kumaran Ezhuthassan *(Vadakkancheri):* In the light of all these facts given here will the Government be pleased to consider the question of reducing the examination fees?

Mr. President: That is a useful suggestion, Sir, it will be considered.

UNAIDED UPPER SECONDARY SCHOOLS

229. Mr. P. T. Jacob *(Latin Christians-Mattancheri):* Will Government be pleased to state.—

(*a*) how many Unaided Upper Secondary Schools were in the State in the year 1117; what is their number for the school year 1120—21;

(*b*) during the last four years how many such schools were given temporary grants or lump sums; what were the allotments every year if any for each and the respective names of schools which received them;

(*c*) has there any school which did not receive such lump sum or temporary grant; if the answer is in the affirmative would the Government be pleased to say why;

(*d*) what is the principle under which such grants are given?

Rao Sahib I. N. Menon *(Director of Public Instruction):*

(c) Yes. All the remaining schools. Because their cases did not appear to be so pressing as in the case of 8 schools referred to. The 8 schools referred to were given grant under special circumstances and only in deserving cases and when there is no fund to give ordinary grant lump sum grants are sanctioned.

(d) Grant is only a help rendered by Government to Managers who deserve it and who are in dire necessity of it.

TRAINING COLLECE STAFF
